

Double-sided Doors Aristo  
Color: White Cream

## YVOIRE

Color: White Matt

The collection is reflecting romantic provence - plenty of mirrors, inscribed in the door leaf, similar to large windows of houses in beautiful french villages. Stained mirrors with wide Bevels along it's edges.

With a panel width from 900 mm to 1000 mm, the number of vertical divisions of the door is 3 lines.

Color: White Matt/ Patina Beige

## VENICE

Color: White Cream/Patina Beige

Simple twisted ornament in framed classic milling. It is refined in it's simplicity, repeated in mirrors and stained glass. Figures are made with sandblasting technique on reverse side of the mirror-amalgam.

## AVIGNON

Color: Ivory

The collection is decorated with bas-relief, has horizontal milling that imitate window shutters in small french coastal cities. Facet stained mirror with engravings emphasizes the play of light and add luxury to the doors.

Color: White Cream

## VERSAILLES

Color: Oak Mara/Patina Brown

French charm, manifested in arched relief of the panel reminds interiors of famous palace and park ensembles. Mirrors with deep engraving. There is ornament in the center of the stained glass, manually lined with voluminous glass crystals-Bevels.

It is possible to manufacture stained glass windows with bevels or engraving (engraved models: 3.1, 6.1, 8.1)

# FLORENCE

Nobility without excesses. Form's geometry, symmetry and proportionality. The pattern of the stained mirror determines idea of the collection. Rhombus on mirrors, made by polished diamond engraving technique make a classic door light and airy.

Color: White Cream/Patina Silver

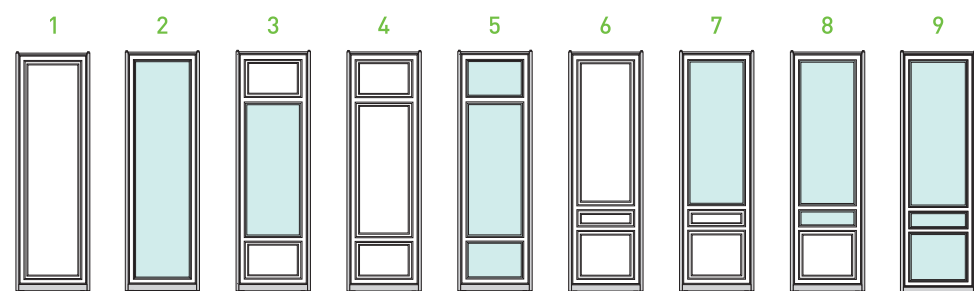

# VERONA

The straightness of lines, perfection of surfaces and cool serenity. Stained mirror finishes - only wide facet along the edges of glass. Democratic design allows the applications of doors in any style, from strict classics to eclectic modern.

Color: White Cream
